Profile

I am a seasoned software engineer with over 6 years of experience, including 5+ years specializing in ReactJS and Node.js. Proficient in designing and developing REST APIs, with a proven track record of delivering robust, scalable, and high-performance solutions. Adept at collaborating with cross-functional teams to drive project success and enhance system functionalities. Strong problem-solving skills and a commitment to staying updated with the latest industry trends and technologies.

Professional Experience

Matellio Inc, Jodhpur

Senior Full Stack Engineer Level III ⬈

Dec 2021 – present
Jodhpur

As a fullstack developer, I primarily focus on front-end development, specializing in creating user-friendly web applications with a strong emphasis on admin panels. In my role, I lead a team of developers, providing guidance, assigning tasks, and ensuring high-quality deliverables. I conduct thorough code reviews to maintain code quality and consistency. Additionally, I provide accurate task estimates to ensure timely project completion. I am a collaborative team player who supports team members and effectively works with other departments. My problem-solving skills enable me to troubleshoot and resolve technical issues, ensuring smooth project execution.

Square bits PVT LTD, Jodhpur — web developer

web developer ⬈

Jun 2019 – Nov 2021
Jodhpur

My responsibilities included leading the development of the frontend architecture, collaborating with team members, implementing component architecture, mentoring other developers, ensuring code quality and maintainability, monitoring and troubleshooting system issues, and staying up-to-date with the latest technologies
